

## Instructions for getting an ICC viewing account for the October 20 Univ. Texas at Dallas – University of Belgrade Internet Match

### Instructions for getting a viewing account:

Accounts will be available 5 days before the match for a period of up to two weeks use.

On October 15, 2006 you may go to <http://www.chessclub.com/tryicc/register/> and register an account.

Then, go to [http://www.chessclub.com/helpcenter/interface/sys\\_download.php](http://www.chessclub.com/helpcenter/interface/sys_download.php) and download Blitzin 2.52 for Windows.

Most people will be able to log on and use the accounts free for 7 days. However, some users may find for any number of reasons the free trial not available to them.

In the event you can not use the free-trial, simply email Duncan Oxley [dro@chessclub.com](mailto:dro@chessclub.com) with the account name (the "handle" or "nickname"). Let him know that the account is needed for viewing the UTD-UB Match; and, he will make sure you have access to it for at least one week. If you wish two weeks access, ask at this time and he will grant the additional time.

In addition, Macintosh users will need a different client and usually need help getting the free account. Mac Client: [http://www.chessclub.com/helpcenter/interface/mac\\_download.php](http://www.chessclub.com/helpcenter/interface/mac_download.php)

If you have any problems accessing ICC, please feel free to contact me. In addition, please get set up in advance. So, if there are any problems, we can get them resolved well before the match.

Thank you,  
Duncan Oxley
